June/July 2023

AMAZING
things happen
HERE!

A MESSAGE FROM THE PRINCIPAL'S DESK

So, we are back in physical action! The post-covid scenario – the new normal of today's educational system – the kids struggling to cope with physical 'in person' classes – all bring us new challenges, as well as great joy and happiness.

I look forward to all of us doing the best that we possibly can, to empower each other – the children help the teachers to evolve as much as the teachers help the children to thrive in a new technologically-driven environment.

So – let's pledge to have a great year ahead – filled with joy and fun and learning – and the sheer privileges of being alive!!

Dr. Kashmira Jamali
Principal

An incredible achievement and proud moment for all Beaconites, our beloved Principal (or 'Ma'am') earned her **Doctorate of Education** from the **British National University of Queen Mary**. Her dedication, passion and unwavering commitment to education truly inspires us all.

ACTIVITIES IN JUNE & JULY

21st June 'World Yoga Day' was celebrated as an event which had lots of different activities and competitions to participate in for Beacon High as well as Small Wonders students.

The day began with 'Surya Namaskar' at Jogger's Park for Grades 9 and 10. The students of Grades 6-8 were shown a presentation about the history and importance of yoga followed by breathing techniques and eye exercises.

They also participated in the essay competition. In the afternoon, primary students played yoga games and won lots of prizes. Pre-Primary students had fun yoga with Hanumanji.

PRESENTS

BOLLYSWEAT FITNESS CLASSES

Sabnam Lahkar
International Choreographer |
Fitness Trainer

WHAT IS BOLLYSWEAT?

Get ready to dance, sweat, and have a blast as Beacon High School introduces a fitness programme.

BollySweat with Dance Lyk A Star and take your workout regime to THE MAX PRO LEVEL!

So come on parents let's Bollysweat! One BollySweat Session is one HAPPY HOUR of dancing to peppy Bollywood & Tollywood songs, learning some quirky dance steps and EXTRAVAGANT huffing and puffing

WHO ALL CAN DO THE BOLLYSWEAT?

- Anyone who wants to lose weight as it is dance cardio
- Anyone who is a beginner as you get to learn the basics of dance while staying fit
- Anyone who wants to release their STRESS and ANXIETY
- Anyone who wants to be happy.
- Anyone who wants to improve their DANCE STYLE & BODY LANGUAGE

WHY SHOULD YOU JOIN THE CLASS?

- It will aid in weight loss in a fun way
- It will bring rhythm and groove in your body
- It is a stress buster and you will release happy hormones
- YOU WILL NOT FIND ANOTHER CLASS LIKE THIS

We hope to see you BOLLY SWEATING YOUR HEARTS OUT with us

BEACONITE ALUMNI

Purvaja Modak is a Public Policy professional with over eight years of research and management experience with policy think tanks in India and the U.S. Her research focuses on issues of global economic governance, international trade and finance, economic diplomacy and multilateral financial institutions.

PURVAJA MODAK
BATCH OF 2007

Purvaja attended Beacon High from 2001-2007 from Grades 5 through 10. She moved to our school to study under the I.C.S.E. curriculum, known for its focus on humanities and subjects like Computer Science and Technical Drawing. However, Beacon High provided much more than a typical I.C.S.E. school set up - the school's efforts for inclusivity among classmates taught students compassion, teamwork and sharing.

PARENT TESTIMONIAL

Our journey as parents at Beacon High School has been an exceptional one. Our son has been studying there since nursery and is now in the 10th standard.

The school has been very supportive and harnessed all his qualities over the years and has transformed him positively into who he is today.

The school teachers and the management as well as the Principal have been always available to hear our concerns if any. This being my last year, both we as parents and our son will carry with us fond memories of the school for a lifetime.

Dr.Avinash De Sousa & Mrs.Jaya De Sousa
Parents of Aditya De Sousa (Grade X A)

The focus on healthy competition and Olympiads, its wide network of academics and professionals prepared students to chart out their own careers and its emphasis on developing an all-round student was enabled by trips and excursions within India and abroad.

The school was instrumental in creating curiosity within her, helping her learn how to adjust and engage with classmates from diverse backgrounds and encouraging her to strive for excellence; attributes she holds on to even today, in her personal and professional life.
